Meeting

The next meeting of the Green Bay Mike and Key Club, Inc will be held on October 14, 1993 in the media services center of the Minihan Science Building on the campus of St. Norbert's College at 7:30 p.m. All members are encouraged to attend and guest are always welcome. Plan now on attending the December meeting which will be held at the Ashwaubenon Community Center on December 9, 1993.

*** ELECTIONS ***

This is to notify the club membership that the elections for the Board of Directors will be held at the November 11th, 1993 meeting. Nominations for the board were opened at the September meeting. It is suggested that you contact anyone you wish to submit for nomination prior to placing their name before the club for an office.

*** BY-LAWS ***

Any changes to the By-laws of the club can only be voted on at the November meeting. If you wish to propose changes to the club's by-laws you must submit them at the October 14th meeting.

Siren Test

The siren test is conducted every second Wednesday of the month. With the storm season fast approaching it is important that these emergency warning devices are checked. By participating in this activity we help Brown County Department of Emergency Government with the early warning system used in severe weather conditions. Lets try to check some of those sirens out in the county that are seldom reported. Below is a list of the sirens and their locations in the county. When checking in use the reference number for reporting.

-----Cut Here-----

-----Cut Here-----

Cut out the above list and keep it handy as a reference so that it will be available when the next siren test is conducted so you know where the sirens are located.

The next test will be conducted on October 13, 1993 at 11:55 a.m. Check into the net on 147.12 and listen for a siren. Some of the locations out in the county need to be checked. If you have the availability, take a short trip out in the county and look at the fall colors and while you are there listen for the siren.

Meeting Minutes

The Green Bay Mike and Key club meeting for September was called to order at 7:33 p.m. by President John Wolfe, KE9AS. The club wished John a Happy Birthday. Roll call reflected 44 members and 8 guests. A motion was made to dispense with the Secretary's report, motion carried. Jake, N9DKH, reported an ending balance for August of \$4,393.24. A motion was made a seconded to accept his report. Motion carried.

Scott, KB9AMM, reported that there were no volunteers to provide support for the building of a controller by the club. Programmers were not available. The consensus of the committee was to purchase the PCRC-2 Controller, Computer and associated software. The total cost of the package was approximately \$1800.00. A motion was made to purchase the PCRC 2, computer and associated software for no more than \$1800.00. Motion carried.

The technical committee reported on the subject of P.L. on the 147.12 repeater. It was their recommendation that P.L. not be placed on the 147.12 at this time. A motion was made a seconded to not put P.L. on the 147.12 at this time. A vote of 18-14 resulted in the motion carried. No P.L. on the 147.12 at this time.

John, KE9AS, reported that the 146.36 repeater is back at the college and is on-line and fully operational.

John, KE9AS, reported that the by-laws required that the members be notified that the annual elections will be held at the November meeting. Nominations were opened, none were heard, the nominations will remain open until the voting at the November meeting.

The December meeting will be held at the Ashwaubenon Community center, 936 Anderson, just off Oneida behind Burger King. Earl, KB9DSV, will be planning the Christmas Party Meeting. Plan on attending, December 9th.

George, KB9GSO, reported that those checking into the Siren Net did not know the siren numbers. A new list will be printed in the newsletter.

Tom, KB9EWK, reminded members that classes

were being held for Novice and Tech at the College and he invited members to help with them. This should be our class and more input would be greatly appreciated.

Jim, WY9E, gave us his world renown DX report. VK9M, Mellish Reef, will be operating on all bands for 10 days.

Dale, WB9NRK reported that the club has been doing a lot of special events these last few months. The Bayshore Bicycle Club donated \$150.00 to the club for their efforts.

Virgil, WB9MHS, reminded us that the Wisconsin Association of Repeaters meeting will be held in Mequon. John, KE9AS, reported that 200 feet of 7/8 hard line and 200 feet of 1/2 hardline has been donated to the club.

Tom, N9LWI, stated that anyone that has questions on DX can give him a call at 336-0186. Tom put together a nice piece of information on DX for the newsletter. Dennis, KB9GFX, has also been a regular contributor with the Novice Corner. Anyone who has something for the newsletter, contact John, KE9AS.

A discussion was held on malicious interference with the repeater. Fox hunters were encouraged to get into a real Fox hunt next time the person shows up on the repeater. Ken, N9LSX, received two tickets in the mail for GraysLake Ham Fest. Paul, N9QLO, and Earl, KB9DSV, won the drawings for the tickets.

A motion was made a seconded to adjourn at 8:50 p.m. Submitted by Tom Ciha, KB9EWK, Secretary.

Fox Cities Marathon

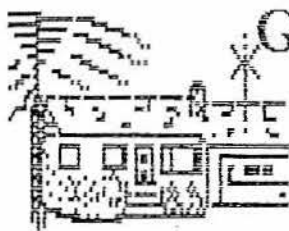

The Appleton/Fox Cities Marathon will again be held this year and help is needed to assist with the communication during this prestigious event in Northeast Wisconsin. WB9HID from Appleton will be coordinating the event. If you can help out either in the morning or all day till about 2 p.m. please contact WB9HID or KD9IA. The marathon will be held on Sunday October 10, 1993. Lets try to get a good turnout of helpers for this event.

Foxhunts

The next foxhunts will be held on Monday, October 4, 1993 at 7 p.m. on 147.555 simplex. It seems that the fox will be out of town on Sunday, the usual day, so it has been postponed until Monday evening. The next foxhunt after that will be held on Tuesday, October 19, 1993 at 7 p.m. on 147.555 simplex. If you have not tried your hand at finding the fox, join the fun. It is not that hard. If you get lost, directions are available, some even quite accurate. There is usually a social gathering afterwards with plenty of talk about amateur radio. Mark you calendars for the 4th and 19th and come join the hunt.

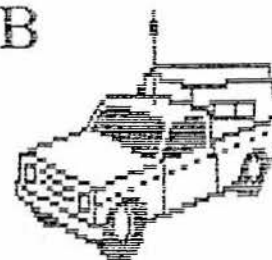

For Sale

Included in the newsletter is a listing of equipment of the Estate of W9NUH. If you are interested in any of this equipment contact Jim, KC9ID at 339-4090 Mon-Fri 8-4:30 p.m.
